 DENIED

RED→CRITICAL ITEM VIOLATIONS are more likely than other violations to contribute to illness or environmental hazards that may contribute to a disease outbreak. Critical item violations include inappropriate diapering procedures, lack of handwashing, ineffective sanitization and disinfection, ill personnel preparing food or caring for children, unsafe water supply or sewage disposal, vermin infestation, food temperature abuse and uncontrolled toxics.

BLUE→NON-CRITICAL ITEM VIOLATIONS are not directly related to the cause of illness, environmental hazards or disease outbreak, but if uncorrected, could negatively affect the operation of the child care facility. These include a lack of facility cleanliness and poor maintenance of equipment and facilities.

FOOD SERVICE

07b. Equipment Design

The kitchen is still closed and under construction. Mold was detected when the drywall was removed and this has been eliminated, requiring additional time. The base kitchen cabinets have not been installed and floor covering has not been installed. Food is still being catered in.
