Please read prior to completion of this application.

Final Plat (*Major Subdivision*) applications shall not be submitted until the corresponding Preliminary Plan application has received approval from the Fremont County Board of County Commissioners (Board). A Final Plat may be submitted for all or a portion of an area (*if the Preliminary Plan application was approved as a phased development*) within an approved Preliminary Plan, to which it must conform.

Final Plat applications shall be submitted for approval within eighteen (18) months of the date that the preceding Preliminary Plan was approved by the Board. Thereafter, approval of the Preliminary Plan will be deemed expired and re-submittal required unless an extension of time has been granted by the Board through appropriate process. When a Final Plat application is submitted for less than the entire area covered by the Preliminary Plan (*if the Preliminary Plan application was approved as a phased development*), approval of the Preliminary Plan for the remaining un-platted area shall be extended for an additional eighteen (18) months from the date of the Board approval of the Final Plat.

The Final Plat and accompanying materials shall be submitted to the Fremont County Department of Planning and Zoning (Department) a minimum of thirty (30) working days prior to the regularly scheduled Board Meeting at which the application is proposed to be considered.

Any application which is not complete or does not include all minimum submittal requirements will not be accepted by the Fremont County Department of Planning and Zoning (Department). Further, any application that is inadequately prepared, or is incomplete, may be subject to postponement (*until an adequate submittal is provided*) of placement on an agenda of the Board.

The applicant shall provide two (2) copies and one (1) original document of the application and all of its attachments. After submittal, the Department will review the application and all attachments and prepare a Department Submittal Deficiency and Comment Letter (D & C Letter). The letter will state the submittal deficiencies, Department comments and or questions about the application, which must be addressed by the applicant. In addition the letter will note the number of revised application packets that must be supplied to the Department in order to place the application on an agenda of the Board.

Attachments can be made to this application to provide expanded narrative for any application item including supportive documentation or evidence for provided application item answers. Please indicate at the application item that there is an attachment and label it as an exhibit with the application item number, a period and the number of the attachment for that item (*as an example, the first attached document providing evidence in support of the answer given at application item number 22 would be marked Exhibit 22.1, the fifth attached document supporting the narrative provided for application item 22 would be marked Exhibit 22.5*).

An application fee, as set by the Board shall accompany this application at the time of submittal.

An additional full application fee will be charged to the applicant, as per resolution approved by the Board, if all deficiencies, as per the initial D & C Letter, are not adequately addressed or provided. Each subsequent D & C Letter, based on resubmitted items, will result in another full application fee. All such fees shall be paid along with the deficiency submittal, prior to any further review of the application.

As per the Fremont County Subdivision Regulations (FCSR) Section X., B., At the option of the Board, an independent engineering firm may be retained, at the expense of the developer, for review of improvement plans, compliance with all applicable regulations or any necessary field investigations, and the design of particular improvements.

The Department and / or The Board may require additional information at any time during the application process as may be deemed necessary in order to review the application adequately, to determine if the application is in compliance with all applicable regulations and make an informed decision with regard to recommendations, approval or disapproval of the application.

For specific regulatory requirements the applicant should refer to the appropriate sections of the FCSR and the Fremont County Zoning Resolution (FCZR), as the Department and Board will take into consideration these regulations in the review of Final Plat applications which could result in the need for additional information from the applicant.

For further reference the Fremont County Zoning Resolution may be viewed on the Internet at <http://www.fremontco.com/planningandzoning/zoningresolution.pdf> and the Fremont County Subdivision Regulations may be viewed on the Internet at <http://www.fremontco.com/planningandzoning/forms/subdivisionregulations.pdf>
