When can I renew at a kiosk?

You have a three-month window to renew. You can renew your vehicle in the month prior to your expiration month, the month of expiration, and no later than the last day of the month following the date of expiration.

What types of license plates can be renewed at a kiosk?

You can use a kiosk to renew a personal automobile, pickup truck, motorcycle, or coach and park model trailer. It will NOT renew a collector, commercial fleet, dealer, government or taxi/livery vehicle, tow truck, or any disabled veteran specialty license plates.

What if I need proof of emissions?

Please wait at least two (2) business days after getting an emissions test to renew at the kiosk. This allows time for the machine to be updated electronically by testing facilities. The kiosk cannot accept paper proof. Your renewal postcard will indicate if you need proof of emissions.

What if I need proof of auto insurance?

Please wait 2-4 days after updating your auto insurance to renew at the kiosk. This allows time for your insurance to provide updated information to our statewide vehicle registration system. The kiosk cannot accept paper proof. Your renewal postcard will indicate if you need proof of insurance.

Will I pay a fee to use the kiosk?

There is a \$3 service fee for every vehicle renewed at the kiosk. This fee pays for the technology and is not assessed or retained by Fremont County. Additionally, there is a \$0.50 convenience fee to pay via check, or a 2.15% fee to pay via credit or debit card.
